Fontecryl SC-EF 50

A WATER-BORNE SINGLE-
COAT ANTI-CORROSIVE
PAINT

Protect steel from corrosion

Fontecryl SC-EF 50 IS
A WATER-BORNE ANTI-
CORROSIVE PAINT THAT IS
FREE FROM ZINC PHOSPHATES

Sustainable corrosion protection

Fontecryl SC-EF 50 is a one-component, fast-drying, single-coat acrylic paint for the long-term protection of steel surfaces, including frameworks, machinery, and equipment. It contains special anti-corrosive pigments, fulfilling the requirements of corrosivity class C2-H, according to ISO 12944-6:2018. The product is water borne and free from zinc phosphates, making it more environmentally friendly than traditional water-borne corrosion-prevention paints. It is also M1 approved for a healthy indoor environment and complies with the requirements of the Basta, BREEAM, and LEED green building certification systems.

When used as a single-coat paint, Fontecryl SC-EF 50 is self priming

BENEFITS:

- ☒ 100% ZINC PHOSPHATE FREE
- ☒ SELF PRIMING WITH LONG-TERM CORROSION PROTECTION
- ☒ FORMS A THICK FILM WITH ONE APPLICATION

and forms a thick, tight film with good abrasion and sagging resistance. It can be applied using airless, air-assisted airless, or conventional spray equipment, and drying times can be shortened by applying the paint at higher temperatures.

For application instructions please refer to the product data sheet.
